I really don't mind except I wish it didn't have our proposed titles on this document but what our areas actually are. The org chart has not been approved and as not been discussed with the directors of the agency. Could this be corrected?

Hi Tina,
The regional directors requested a copy of this spreadsheet at today's meeting. We had a good discussion about the various definitions of core public health – statutory mandates being but one. Are you ok with me or Gunnar passing it along?
Thanks –
Buffy

Good Morning,
Interim Commissioner Bates has asked that I share the attached list of agency mandates with you. Many thanks to everyone for providing information and reviewing its accuracy.
Have a good Thursday!
Buffy
